

# A Simple Way to Paint Stronger Watercolors

2019 Workshop presented by Andy Evansen, AWS, PAPA, RRWS, TWSA

*Sponsored by the Madison Watercolor Society*

*I strive for an Impressionistic portrayal of the landscape in my watercolors. By concentrating on the large shapes and overall design, and leaving something to the imagination, the viewer is forced to interpret details. This makes them a participant in the painting, enhancing their enjoyment of it. – Andy Evansen*
